Pacific Ventilation

Headquartered in Melbourne, with offices and distributors throughout Australia and New Zealand, Pacific Ventilation is a wholly-owned subsidiary of global HVAC leader Systemair Group. With 28 production facilities and sales organisations in 50+ countries, Systemair Group and Pacific Ventilation are **#ByYourSide**.

Simplicity and reliability:

The values and business concepts of Systemair Group are core; manufacture and market high-quality ventilation products. Based on our Group business concept and values, and with our customers in focus, we aim to be your most efficient and helpful partner in mastering your indoor air quality challenges.

Selection software:

We save you time and money with our fansSelect selection software and REVit plugin. Transposition errors caused by manually entering BIM data is a thing of the past.

Green Ventilation:

As the Green Ventilation solutions leader, our products have outstanding energy efficiency combined with well-thought-out material consumption and production methods. We actively develop solutions and techniques such as heat recovery, night cooling, and demand-control-ventilation for the Australian and New Zealand building markets.

Quality and customer experience:

Your customer experience is always our priority. When you need an indoor air quality solution, we manage the process with you from quote to despatch. Our Customer Service Group is with you for the long-haul, just like our fans.

Testing:

We don't cut corners. Manufactured to the highest standard, we test every fan before leaving the factory for quality and performance. On-site acceptance testing is available by request.

100 years of HVAC experience.

Peter brings a proven track record of leadership as a Managing Director of multinational HVAC & R companies. Additionally, Peter has significant experience in the sales, operations, and marketing spaces.

Peter Gibson – *Managing Director*

Richard oversees the engineering, production, and operations teams in Australia. With over 25 years of experience as an engineer, Richard came to the HVAC manufacturing industry by accident via an early career in specialty materials.

Richard Agar-Wilson – *General Manager*

Andrew has over 30 years of experience in the HVAC industry. Andrew is an early adopter of technology, customer experience focused and thrives on challenging established selling models. His team of more than 20 sales engineers, account managers, and customer service representatives service the Australian market.

Andrew Twisse – *National Sales Manager*

İsmail brings unprecedented expertise to the company. With over 15 years of experience in finance and industrial manufacturing operations including 6 six years' experience working for Systemair Turkey, he ensures Pacific Ventilation stays agile and growing.

İsmail Özyıldırı – *Finance Manager*
